

***Baylor University Department of Environmental Health & Safety
Graduate Student Final Clearance Form***

Name _____

ID# _____ Degree Program _____

Department _____

Date _____

The purpose of this form is to ensure that graduating students who conducted research as part of their program leave their work area clean, so that other students working in the same area do not have to tie up any loose ends after the student leaves.

To obtain Graduate School clearance to graduate, please follow the procedures below. This form must be completed and submitted to the EH&S office *prior to the Graduate School deadline for clearance.*

Please check one and sign below:

Student worked in a program that used no chemicals/had no lab research.

Student is continuing on in the program (Masters continuing to Doctorate or Doctorate continuing to Post-Doc).

Student has already left the campus, and their work area was left organized to my satisfaction.

Student will be continuing to work past the semester's deadline for Graduate School clearance, and I am giving approval for clearance to graduate.

Student is ending their work and leaving at graduation. They have cleaned their work area to my satisfaction and I am giving approval for clearance to graduate.

Principal Investigator/ Advisor: _____
